

Birmingham and Solihull Clinical Commissioning Group (CCG) has launched a COVID-19 vaccination resource website.

On it is everything you need to know about the coronavirus vaccines, including their effectiveness, your eligibility and how they are administered: there is even [a video](#) showing the process from start to finish.

Alongside this information is a handy [list of FAQs](#), which may prove useful when answering queries in your community.

If you have any frequently asked questions of your own, simply respond to this email with them and we will ask the CCG if they can be added to the list alongside their answers.

[Click here](#) to visit the Birmingham and Solihull NHS COVID-19 vaccination website.
